

Job Opportunity for a Landscape Operations Manager With a Leading International Company in Doha, Qatar - Job ID: 3314

Our Client

- Our client has established itself as one of the leading family-owned conglomerates in the region and has created new benchmarks of excellence within its diverse portfolio, including ventures in property development, automotive, hospitality, marine, jewelry, exchange and investment.

Requirements

- Required Nationality-Lebanese, Syrian, Jordan
- Bachelor's Degree in Landscape/Horticultural Engineering or equivalent.
- Must have 8 to 13 years of landscaping project management experience, 3 years of which should be in Qatar, and have worked in a well-known company.
- Having Certified Engineer certification status in Qatar would be an advantage
- Should have experience in Hard & Soft Landscaping in the GCC region and experience in Qatar is a particular requirement.
- Good communication skills both written and oral
- Basic accounting knowledge and profit orientation
- Holder of valid Qatar driving license
- Arabic speakers – with transferable visas.

Job Description

- Report to Landscape Manager
- Oversee the day-to-day operations in the company, assigning tasks, leading meetings and implementing initiatives handed down by the Landscape Manager or executives.
- Implement policies and procedures, oversee short and long-term business plans and initiatives and help in budgeting activities.
- Respond to and resolve internal and external grievances.

Responsibilities

- Oversee and manage all aspects of the landscaping in the company.
- Review all purchasing orders for asset purchases and materials based upon targeted goals and operational needs.
- Establish and promote contacts with appropriate local main contractors, private clients, governmental parties and other prospective customers, to obtain work for the company and to enhance good public relations.
- Promote positive relationship among all entities within the Landscape industry.
- Ensure implementation of best practices procedures throughout all areas of the company.
- Work with local and international vendors, agencies, other industry resources to stay abreast of new methods.
- Constantly pursue new ideas, which could be implemented within the Company.
- Review all estimates, bids, pricing, contracts and change orders for work and review for accuracy.
